"We are totally satisfied with the service you have provided for Toby. Toby is more relaxed, comfortable and looks forward to his time spent with you. We could not asked for better boarding for Toby and in my opinion & Jim's, there is no better place than yours. We both thank you for taking such great care of our Toby."

"Dear Kat & Dave. My wife & I are very pleased to be able to bring Ginger to your facility. Ginger is always very happy after returning home to us. It is great to be able to enjoy your time away & not have to worry about the care Ginger is receiving. Thanks greatly & we will see you in the very near future. "

"We would not have returned as many times as we have, and those we planned to, unless we were well satisfied and DeNiro was so well taken care of. We recommend you to many. Thanks for DeNiro's care!!"

"Just a quick note to thank you for the special attention you always give Tundra when we bring him to stay with you. It is so much easier to leave him, knowing he is happy to be there. With his tail wagging and his obvious excitement when we arrive there make it feel like he is going on a vacation too! Your facility is wonderful but it is you that makes the difference! "

"Kat and Dave treat their boarders as their own. We always feel comfortable leaving our pet with them. The care provided, visit reports and high standards make Kat's Kennel a wonderful home away from home for our pet."

"I found myself in a very difficult position. I had planned a trip and found I had no one to take care of my elderly pet. A friend had mentioned Kat to me, so I called. She was very professional and suggested that I, (along with my pet), drop by the kennel. She showed us around, explained her routine and answered all of my questions. She in turn asked many pertinent questions about my pet. I felt comfortable leaving him with Kat.

My pet had never stayed in a kennel before and, due to his advanced age, he had experienced many difficulties while at the kennel. I stress that these difficulties were a result of his physical limitations and, to her credit, Kat had stepped up her game. She had kept a diary of his visit which allowed me to know how he was while I was gone. I believe he received the best possible care. Due to her compassionate nature and love of animals, she spent more time with him and took him for more frequent outings. I recommend her highly and would have no hesitation leaving any future pets with her."
