TO WHOM IT MAY CONCERN:

While only having utilized the services of Kats Kennels for a short period of time, we have found that they operate their business in a professional and efficient manner. We found them to be very caring and genuinely concerned for the safety and well being of our two male black labs and are very knowledgeable of our 'boys' needs.

The location of the kennels is in a perfect area with a large fenced area to afford ample opportunity and inviting environment for the dogs to get outside and enjoy lots of exercise and play time during their stay. We like the fact that each dog is given individual time each day to explore this outside fenced area with quality time spent with them by the kennel owner.

It is not easy to leave your 'furry family members' behind, however, when you know they are happy and being well cared for it makes the decision to plan trips away from home, for both short and long periods of time, less stressful and much more enjoyable for everyone concerned.

We especially appreciate and value the written account provided to us upon our return of what the 'boys' did during their stay, to include eating and sleeping habits, daily activities, routines, schedules, etc., which gives an added personal touch to the care of our two beautiful black labs.

Kats Kennels goes above and beyond the call of duty to ensure the dogs under their care are safe, healthy, happy, well cared for, enjoy their stay, and look forward to coming back for another stay.

We would not hesitate to highly recommend Kats Kennels, the same as they came highly recommended to us last Spring by a co-worker, for your pets stay.

Sincerely,

Harvey & Kathy Veniott
Satisfied Dog Owners
