

Kat's Kennels

Lake Road

Tatamagouche N.S.

Dear Kat

We have been taking our Lab to your kennel even since you took over, April 2007. We drive almost two hours each way to get her there. This, I believe speaks to our level of satisfaction with the kennel. Ginger always seems to be happy there, or as happy as a spoiled dog being left behind by the person who spoils her can be, and I know she is well looked after. You always go the extra mile, administering her medications, taking her out to play etc. Your kennels are always impeccably clean and leave my dog with you in complete confidence that she will be carefully looked after.

Regards

Dave Riley
